Chemistry Consulting Group Inc.

Head Office
400, 1207 Douglas Street
Victoria, BC
V8W 2E7

Attention: Allison Peever

Dear Allison,

We are simply writing to express our thanks for all of your assistance in ensuring a smooth process in searching for, processing and finalizing a working agreement for Marco Antonio Gonzalez at the Westin Bear Mountain.

From the initial stages of signing up with Chemistry Consulting, to arrival in Victoria, you were very friendly, prompt, patient, helpful and thorough with all of our general questions as well as all of the paperwork and immigration details. This process would have certainly been more difficult, costly, and taken much longer without you.

We would definitely be happy to recommend you and Chemistry Consulting to any Hospitality Professional, as well as to any potential employer as you really did take the stress and challenge out of this entire experience.

Thank you for all of your assistance, your personal time in the evening at the airport on arrival to Canada and your ongoing offers of support.

With warmest regards, sincerely,

Marco A. Gonzalez
